Match Spelling Development, Generate Word Study

Teach word study at students’ developmental spelling stages. *Palabras a su Paso Salón de Clases* meets students’ instructional needs, addressing Spanish word recognition, vocabulary, phonics, and spelling.

DEVELOPMENTAL SPELLING STAGES

Word study activities target the five research-based stages of spelling. As students progress, they build their skills to spell, read, understand, and use new words. It’s a highly supportive, effective, and personalized approach.

GUÍA DEL IMPLEMENTACIÓN

The Implementation Guide is where you will find the Qualitative Spelling Inventory — use it to place students in their correct developmental stage of Word Study.

From Assessment to Instruction

Effective teaching cannot begin until you understand what students already know about words and what they need to learn. Likewise, in order to help students improve their spelling, you must understand their spelling needs and performance. The Qualitative Spelling Inventory can help you determine students’ spelling needs. It can also help you assess students’ knowledge of etymologies, content, and spelling stages. Students take an inventory as their approximate stage; a feature guide on page 11 shows the words and features that are assessed on the Spanish spelling inventory. The center column shows what orthographic features or patterns at increasing levels of difficulty. (See right for the list of words and features or patterns at increasing levels of difficulty.)

1. Administer a Spanish Spelling Inventory

A plane alumno in a spelling inventory involves assessing students’ knowledge of etymologies, content, and spelling stages. Students take an inventory as their approximate stage; a feature guide on page 11 shows the words and features that are assessed on the Spanish spelling inventory. The center column shows what orthographic features or patterns at increasing levels of difficulty. (See right for the list of words and features or patterns at increasing levels of difficulty.)

2. Analyze Students’ Spelling

Use the Spanish spelling inventory feature guide on the next page. This student’s list of spelling features or patterns at increasing levels of difficulty shows how they spell the test words. (See right for the list of words and features or patterns at increasing levels of difficulty.)

MONITOR PROGRESS

Administer spell checks as a spelling pretest to assess prior knowledge, or as a posttest immediately following instruction.
Engaging Teach Word Knowledge, Not Memorization

Palabras a su Paso Salón de Clases creates word detectives who explore, compare, and categorize word patterns and relationships. It’s a deeper, better way to learn. Students make their own discoveries about how words work.

SORTING DEVELOPS THINKING SKILLS
Sorting encourages students to organize information, analyze, and compare. Students connect ideas and concepts, moving beyond memorization. Three types of sorts are provided:
• Sound Sorts • Picture Sorts • Word Sorts

INCREASE INTEREST, INCREASE ABILITY
The Word Study Notebook contains hands-on sorts and practice activities for one developmental stage. Students cut out the sorting cards and use the sorting mats for developmentally appropriate word work.
ADD VARIETY, SORT ONLINE

What do kids love? Digital interactivity! Take word work online with interactive resources. Demonstrate the sort and allow students to practice online. Combine with the print resources, or download and copy PDFs for students.
Manageable

Manage It All in Just 15 to 20 Minutes a Day

*Palabras a su Paso Salón de Clases* provides daily word study activities based on students’ developmental spelling levels in just 15 minutes a day!

WORD STUDY LESSON PLANS

The *Teacher Resource Guide* provides a simple and effective lesson plan for each sort. The guide includes objectives, routines, ELL strategies, differentiated support, and assessment ideas.

WEEKLY ROUTINE

The sort is the heart of the program. A simple routine supports teacher-directed instruction, modeling, practice, and applications.
WEEKLY WORD STUDY ROUTINE

DAY 1
INTRODUCE/MODEL SORT
Introduce the pattern with a poem or sort.

DAY 2
STUDENT SORTING
