# A Strong, Integrated Narrative

*The Western Heritage Since 1300* features an exceptionally clear narrative that integrates social and cultural history into a strong political framework and reinforces themes that are fundamental to Western civilization. This program emphasizes the analysis of primary sources supported by Document-Based Questions (DBQs).

- A correlation for the College Board's Curriculum Framework for AP European History can be found online at [Savvas.com/AdvancedCorrelations](https://www.savvas.com/AdvancedCorrelations).
- **New!** AP Exam-style Test Bank and four additional DBQs with seven sources are available for teachers within *MyLab® History*.
- **New!** Test Prep Workbook for AP® includes tools to ensure student success on the exam, including two full AP practice tests. (Available for purchase.)

## Study aids

An outline, learning objectives, and an introduction at the beginning of each chapter provide a succinct overview of the chapter and a road map for study and review. Learning objectives are keyed to the main sections and included in the margins throughout the chapter.

Maps show how geography has affected history and concisely summarize complex relationships and events. Map reading and interpreting skills are supported by captions, legends, and scales.

## AP Exam practice

At the end of each part there is an AP® practice test in the format of the AP Exam, written by AP teacher Patti Harrold, Edmond Public Schools (Edmond, OK). Using document excerpts and images, each test provides multiple-choice questions, short and long answer questions, and a document-based question, that cover concepts outlined in the AP European History Curriculum Framework. A complete Answer Key is available in the Instructor Resource section within *MyLab History*.

## Visual sources

Analysis and interpretation skills support students as they gain a fuller understanding of the Western heritage.

The **Compare and Connect** feature juxtaposes two or more documents in which an important question is debated, or a comparison between a document and an illustration is presented. These features are intended to encourage debate of different points of view in class, to enhance reading skills, and to analyze documentary and visual evidence.

A **Closer Look** feature examines and analyzes one illustration per chapter, using leader lines to point out important and historically significant details.

The **West & The World** feature found at the end of each part, focuses on subjects that compare Western institutions with those in other parts of the world, or discuss how developments in the West have influenced other cultures.

## MyLab History

A fully integrated learning program, *MyLab History* for The Western Heritage helps students better prepare for class, quizzes, and exams—resulting in more dynamic experiences in the classroom and improved performance in the course.

**Pearson eText with Audio**—Contained within *MyLab History*, the Pearson eText gives students access to the text whenever and wherever they can access the Internet—through computers, tablets and smartphones. Students may also listen to their text with the Audio eText.

**My History Library Source Collection**—This collection contains more than 100 of the most relevant primary source documents, complete with headnotes and focus questions. Students can also listen to audio versions of all the documents.

**Explore the Maps and Data**—New interactive maps and graphs create in-depth opportunities to explore the relationship between geography, demographic data, and historical data.

**History 360 and Artifacts as Evidence Videos**—Two new types of videos personalize the content of this edition. The History 360 video allows students to learn history through the exploration of historical sites. Artifacts as Evidence videos, created in partnership with the Smithsonian Institution, use artifacts as starting points for explaining and illuminating European History.

**Writing Space**—We created the Writing Space to help students develop and assess concept mastery and critical thinking through writing. It's a single place to create, track, and grade writing assignments, provide writing resources, and exchange meaningful, personalized feedback with students quickly and easily.

# MyLab<sup>®</sup> History

*MyLab<sup>®</sup> History* with Pearson eText is a dynamic website that provides a wealth of resources geared to meet the diverse teaching and learning needs of today's AP teachers and students. The many accessible tools found in *MyLab History* will encourage students to read their text and help improve their learning and success in the course and on the AP Exam. *MyLab History* delivers proven results in helping individual students succeed.

**NEW! eText, optimized for mobile,** seamlessly integrates videos and other rich media with the text and gives students access to their textbook anytime, anywhere.
